# Manish N

manishgowda1004@gmail.com +91 8431809604 Bangalore, India Portfolio: www.serenetalks.com

I am UI/UX Designer with nearly 2 years of professional experience in end to end product design, user research, design system, wireframing, interactive prototyping, and building and maintaining design systems. Skilled in Figma, designing web and mobile interfaces, and conversational AI experiences, with a strong focus on user centered solutions and accessibility. Also experienced in Meta marketing, AI video generation, and video editing for promotional content.

## WORK EXPERIENCE

**UI/UX Designer** 05/2026 – 08/2025

Resolve360, Bangalore

- I own end to end UI and UX designer for debt resolution platform, creating user journeys, wireframes, interactive prototypes, and production ready interfaces in Figma.
- I designed conversational AI experiences and interaction flows, using UX principles to convert complex financial processes into user friendly interfaces.
- Build and maintain a scalable design system and reusable UI component library, with design specifications that keep the product consistent as it grows.
- I worked on usability testing, competitor analysis, and design reviews as a continuous practice.
- I have used AI tools (ChatGPT, Claude Figma Make, Lovable) to accelerate research, wire framing, UX writing, and rapid prototyping, validating every output against real usability and quality standards.
- I have designed landing pages and conversion focused experiences supporting customer acquisition.
- Hands-on Meta marketing experience at Resolve360, supporting promotion of the platform.
- Produce AI generated cinematic promotional videos, product demonstrations, and marketing visuals using AI video generation tools and video editing in Adobe After Effects

**Junior UI/UX Designer** 04/2025 – 05/2026

Indegene, Bangalore

- I was responsible for UX research, including usability testing, and Crafted low to high fidelity wireframes, interactive prototypes,
- Built reusable UI components aligned with the Global Design System to improve consistency across products.
- Supported a complete product rebrand while keeping the existing user experience stable and familiar.
- Designed digital marketing creatives and motion graphics using Adobe After Effects.
- I have crafted low to high fidelity wireframes, interactive prototypes, and user interfaces in Figma and Adobe XD, integrating accessibility considerations.
- Supported a complete product rebrand while keeping the existing user experience stable and familiar.
- Designed digital marketing creatives and motion graphics using Adobe After Effects.

**Associate** 07/2024 – 02/2025

Crane Consulting & Outsourcing Pvt. Ltd., Bangalore

- Verified customer information and financial records with exceptional accuracy, adhering to stringent process standards.
- Conducted in-depth data analysis to support credit assessments, building comfort with using data to inform decisions.
